#### Follow-up on Previous Month Items/Requests from Commission

- Budget Committee met on March 21, 2022, and explored several budget options. The committee agreed that the members would speak with their respective councils and mayors for additional guidance and direction.
- Chief Schultz contacted TMRS and received information on options and costs of making changes to the MVPD TMRS plan.
- Victoria calculated the costs to hire, train and equip a fulltime Animal Control Officer.
- Chief Schultz obtained information on how to create an animal control officer position from TML and reviewed the appropriate state statutes.
- Commissioner Huguenard was provided information on the city ordinances that are most often in conflict with each other due to differences in language, times and limitations.

#### Personnel Changes/Issues/Updates

- The department remains down two sworn positions.
- Officer Valdez moved to the other dayshift squad and Officers Burleson and Vasquez moved to dayshift from nightshift due to Officers Eckerfield and Williford being released from Field Training.

# Major/Significant Events

- On March 9, 2022, officers stopped a vehicle after being notified of a stolen license plate on the SUV. A check of the VIN Number found the vehicle to also be stolen. A search of the vehicle located over 100 altered/fraudulent credit cards. The suspect was arrested.
- On March 11, 2022, officers located and stopped a vehicle that hit on the ALPR system. The vehicle was on the hotlist entered by HPD. Officers located stolen credit cards and fraudulent documents inside of the vehicle. The suspect was wanted by HPD for stealing vehicles and boats. One victim was a village resident. HPD detectives responded and took possession of the suspect, evidence and vehicle.
- On March 21st MVPD participated in a Community Conversation on Crime event that was held at St. Francis Church. The event was attended by just over 100 people.
- On March 22, 2022, MVPD executive staff met with Harris County DA K. Ogg and HFSC Dr. Stout and participated in discussions on the negative impact that HB1325 is having on case adjudication and the suppression of evidence.

### Status Update on any Major Projects

- The area in front of the MVPD is being prepared for the installation of the Police Officers Monument. A dedication is being planned for May 21, 2022.
- Commissioner Rosenbaum updated the 2023-2028 MVPD Capital Projects Summary and cost estimates.

TO: The Honorable Mayor and Members of the City Council

FROM: Karen Farris, City Secretary

MEETING DATE: April 25, 2022

SUBJECT: Discuss and take possible action on the St. Francis Specific Use Permit

Agenda Item: 3

#### ORDINANCE NO. \_\_\_\_\_

AN ORDINANCE OF THE CITY OF PINEY POINT VILLAGE, TEXAS, IN ACCORDANCE WITH DIVISION 4 OF ARTICLE II OF CHAPTER 74 OF THE CITY'S CODE OF ORDINANCES, ESTABLISHING AND APPROVING ISSUANCE OF A SPECIFIC USE PERMIT FOR THE DEMOLITION OF CERTAIN IMPROVEMENTS, CONSTRUCTION OF A NEW PARISH HALL FACILITY AND RELATED IMPROVEMENTS, AS WELL AS CERTAIN DRAINAGE IMPROVEMENTS, TREE REPLACEMENT AND PLANTING, FLATWORK, DRIVEWAY REPLACEMENT, PLAYGROUND EQUIPMENT RELOCATION, AND A NEW MONUMENT SIGN, ALL ON THE ST. FRANCIS EPISCOPAL CHURCH TRACT; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH; PROVIDING FOR A PENALTY OF AN AMOUNT NOT TO EXCEED \$2,000 FOR EACH DAY OF VIOLATION OF ANY PROVISION HEREOF; AND PROVIDING FOR SEVERABILITY.

\* \* \* \* \* \* \* \* \*

WHEREAS, the City of Piney Point Village (the "City") finds it to be in the best interest of the health, safety, and welfare of its citizens to approve the following improvements on the St. Francis Episcopal Church Tract subject to certain conditions; now, therefore,

# BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PINEY POINT VILLAGE, TEXAS:

<u>Section 1</u>. The facts and recitations set forth in the preamble of this Ordinance are hereby found to be true and correct and are hereby adopted.

Section 2. The City hereby establishes and approves issuance of a specific use permit, as outlined by the terms of this Ordinance, to permit the demolition of certain improvements, construction of a new Parish Hall facility and related improvements, as well as certain drainage improvements, tree replacement and planting, flatwork, driveway replacement, playground equipment relocation, and a new monument sign (collectively called the "Improvements") on the St. Francis Episcopal Church Tract ("Tract"). Such Improvements are

further described under the Project (Parish Hall, Related Improvements, and other Improvements) description below, as well as identified in the Detailed Scope of Work and Plans attached hereto as Exhibit A and made a part of this Ordinance hereof. City Council approval of the proposed Improvements provided for in this Ordinance is subject to adherence to the specifications provided for in this Ordinance, obtaining applicable building permits, and other conditions provided for below:

The Project (Parish Hall, Related Improvements and other Improvements)

- Demolition of the Project will include the removal of approximately 33,000 square feet of impervious site flatwork, trees, buildings and associated mechanical, electrical and plumbing work. The demolition plan is attached as part of the Detailed Scope of Work and Plans under Exhibit A and incorporated as part of this Ordinance. Notice of all phases of the demolition will be provided to all property owners adjacent to the St. Francis Tract at least five (5) days prior to any demolition work proceeding on the Tract. St. Francis shall provide fencing around the demolition area to provide security, dust and debris remediation, and visual screening of such area. The demolition area must be sprinkled at all times to mitigate dust and debris from the demolition process. St. Francis shall clean up any dust, debris or other materials on any property, which was directly or indirectly caused by the demolition work.
- 2. Construction of a new Parish Hall facility will be a two-story, approximately 24,000 square foot building, and will be 34.5 feet in height. The first floor will be approximately 15,000 square feet and will consist of a Parish Hall, kitchen, nursery, Guild, vestibule, reception area, offices for the Rector and church staff, restrooms, one elevator, dedicated storage, electrical spaces, and a 600 square foot renovation of existing space where tying into the new construction. The second floor will be approximately 9,000 total square feet, consisting of meeting rooms, restrooms, and dedicated storage and electrical spaces. The new building will be ADA compliant, use the latest building codes, fire sprinkled, constructed with new Type II fire resistive materials, and be energy efficient for electrical, plumbing, air conditioning and heating. The distance between the new Parish Hall facility and South Cheska property lines will be 84.1 feet. In order to meet new security and safety requirements, the new Parish Hall will have defined separation between the school and church facilities, visitors to the church will not use the school entrances, and the new church meeting rooms in the Parish Hall will not be used by the school.

- 3. HVAC equipment for the new Parish Hall will include 4 HVAC Units and 1 Exhaust Fan Unit on the roof of said building that will all be screened with a 6-foot parapet wall. The noise level created by all HVAC equipment on the Tract, as measured from any point along the property line, shall not to exceed 50-55 dba during daytime hours (7am - 9pm) and 44-50 dba during nighttime hours (9pm - 7am) 1f the City notifies St. Francis of persistent noise levels the City has reason to believe exceeds the foregoing standards, St. Francis agrees to take the following steps to come within the herein established noise level standards within a reasonable period of time, including but not limited to, taking acoustical measurements, installing additional sound barriers, and replacing older equipment with more sound efficient equipment. Acoustical measurements shall be taken at the property line and shall exclude ambient noise and all other base line noises created by things other than the HVAC
- 4. Lighting shall not be allowed on the second story of the new Parish Hall from 10pm-6am daily. All second story, north-facing windows of new Parish Hall will be improved with both window treatments and film. Window treatments (shades) shall cover the entire length of the window, shall prevent light from escaping beyond the windows when in use, and shall be programmed to automatically close from 8pm-7am daily. Window film shall be installed at least six feet in height from the bottom of the window, and have nontransparent properties that prevent people inside the building from seeing outside. All outdoor lighting on the Tract shall comply with Section 74-245(d), Outdoor Lighting, of the City's Code of Ordinances. All lighting associated with the outdoor gym, playground and other outdoor activity space must be equipped with an automatic timer to shut such lighting off no later than 9 pm daily.
- 5. Additional drainage calculations have been added for lots along South Cheska when creating the City-approved drainage plan for the Property. St. Francis will allow for the natural drainage of adjacent property into the drainage swale and/or allow for tie-in into the storm drain on the Tract. St. Francis will maintain on-site drainage to prevent blockage or backup from debris or other materials.
- 6. St. Francis shall comply with Chapter 66, I'egetation, of the City's Code of Ordinances. A tree disposition plan was submitted and approved by the City. The tree work on site will consist of tree preservation and the removal of trees. 31 trees are scheduled to be removed and 204 qualified new trees will be planted on the property. Trees must be planted in a manner to provide screening and prevent a direct line of sight from the adjacent property owners to the new Parish Hall and the playground equipment. The new trees will be watered by a drip irrigation system. St.

Commented [DO1]: Since the City Council meeting, St Francis has requested that the SUP Ordinance reflect the allowable noise levels established in the Spring Valley Village Code of Ordinances Francis will warrant the health of all new trees for a one (1) year period from the date the last new tree is planted. If a tree that was intended to provide screening dies after the one-year warranty period, St. Francis will coordinate with the City's Urban Forester to ensure that proper screening remains between the adjacent property owners and the Parish Hall and playground equipment.

- 7. The addition of 25,941 square feet of impervious flatwork, including the construction of a new concrete parking and driveway at the north end of the campus (21,564 square feet) to replace the existing asphalt drive and new sidewalks (4,377 square feet) adjacent to the new Parish Hall addition.
- 8. The existing playground equipment will be relocated south to be outside of the 30-foot setback and greenbelt. The playground equipment will have bark mulch as its filler, which will sit directly on the ground. This material is considered impervious for purposes of lot coverage.
- 9. Overall lot coverage shall not exceed 50 percent of the total lot.
- 10. There will be a new St. Francis Episcopal monument sign to replace the existing wooden sign. The new sign will be 4 feet tall by 14 feet in width (56 square feet), and constructed with a masonry to match existing and cast stone.
- 11. The new Parish Hall construction has been scheduled to start after the end of the school year in May 2022. The traffic plan for when school is in session has been designed by the school with help from off duty traffic safety officers. As needed, Ecclesia Church will provide additional carpool queuing areas. Project deliveries will be scheduled not to interfere with school drop off and pick up schedules. Flaggers will be present during all deliveries.
- 12. If the City notifies St. Francis of any persistent traffic issues, St. Francis shall adjust its school traffic plan to alleviate traffic on Piney Point Road, including but not limited to modifying on-campus carpool lanes, adjusting school carpool hours and/or dropoff/pickup locations, adding additional traffic safety officers, and additional directives to school parents. St. Francis shall further ensure that it maintains adequate on-site parking and designated off-site parking for parishioners, employees, school parents, visitors, and contractors. Parking on any City street or right-of-way, or adjacent private street by any aforementioned persons, without the express consent of the City and affected property owners, will not be allowed.
- St. Francis will coordinate with residents to construct and maintain a new eight (8) foot fence along the north property line of the Tract in

accordance with the City-approved fence plan attached as part of the Detailed Scope of Work and Plans under Exhibit A and incorporated as part of this Ordinance. The new fence will not interfere with any drainage on the Tract, or otherwise impede the natural flow from adjacent property.

- St. Francis will reestablish the 30-foot setback and greenbelt area, and shall maintain such greenbelt area and ensure that it is free of improvements, other than fencing, drainage, landscaping and irrigation, as permitted by this Ordinance. During the demolition and construction of the new Parish Hall and other related improvements, no trailers or parking of vehicles will be allowed in the setback and greenbelt area. St. Francis will limit the amount of demolition and construction staging located in the setback and greenbelt area to such events that are unavoidable.
- 15. St. Francis Episcopal School ("SFES") shall not exceed an enrollment of 900 students on its Piney Point campus. Additionally, SFES may request approval for additional students on a temporary basis due to events such as but not limited to hurricanes, tornadoes, floods, fires and construction at its other campus locations. The Mayor is authorized to permit these additional students for a period not to exceed seven days. Any extension of this seven-day period must be authorized by City Council.
- 16. City staff will conduct an annual inspection of the Tract to ensure compliance with this Ordinance. City staff will coordinate with St. Francis' staff to schedule such annual inspection. The annual inspection shall include discussions with adjacent property owners to ensure compliance with this Ordinance.
- St. Francis is not permitted to improve or use the Property for any other purpose than those authorized by this Ordinance or other prior authorization.

Section 3. Any person who intentionally, knowingly, recklessly, or with criminal negligence violates any provision of this Ordinance shall be deemed guilty of a misdemeanor and, upon conviction, shall be fined in an amount not to exceed \$2,000.00 per offense. No penalty shall be greater or less than the penalty provided for the same or similar offense under the laws of the State of Texas. Each day of any violation shall constitute a separate offense.

Commented [DO2]: The Head of School for St Francis represented at the City Council meeting that 800 was the maximum enrollment allowable within the existing classrooms (20 students for the 40 classrooms), however, St Francis is requesting a maximum enrollment of 900 students for the campus

Section 4. In the event any clause, phrase, provision, sentence, or part of this Ordinance or the application of the same to any person or circumstances shall for any reason be adjudged invalid or held unconstitutional by a court of competent jurisdiction, it shall not affect, impair, or invalidate this Ordinance as a whole or any part or provision hereof other than the part declared to be invalid or unconstitutional; and the City Council of the City of Piney Point Village, Texas, declares that it would have passed each and every part of the same notwithstanding the omission of any such part thus declared to be invalid or unconstitutional, whether there be one or more parts.

<u>Section 5</u>. All ordinances or parts of ordinances inconsistent or in conflict herewith, are, to the extent of such inconsistency or conflict, hereby repealed.

### Council Agenda Item Cover Memo

# 4/25/2022 Date of Meeting

To: Mayor and City Council

Agenda Item:

Discuss and take possible action on the approval of CenterPoint Energy Gas Line Improvement Plans at 35 Windermere Lane.

**SUMMARY/BACKGROUND (WHY):** CenterPoint Energy has submitted plans to the City for installation of approximately 165 linear feet of new 1" plastic gas line partially located within the Windermere Lane right-of-way at 35 Windermere. The new line will connect to the existing gas main on the north side of the right-of-way and will be installed under the existing curb and gutter street to service 35 Windermere. City staff has no objections to the plans as presented.

Review of Gas Line Improvement Plans – 35 Windermere Lane, 2<sup>nd</sup> Submittal

Piney Point Village, Texas HDR Job No. 10336218

Dear Ms. Pickens:

We are in receipt of the proposed CenterPoint Energy gas line improvement plans for Windermere Lane dated 3/31/22. Based on the proposed plans provided, the City interposes no objection to the proposed gas line improvements, contingent upon the following:

 Please be advised that the plans will need to be presented to the City Council for approval of the proposed improvements in the City right-of-way prior to construction.

This does not necessarily mean that the entire plan including survey layout has been completely checked and verified. CenterPoint Energy assumes all responsibility and accountability for the proposed improvements. The Contractor will immediately notify the City in the event any storm sewer or utilities are impacted during construction. Please note that any grass, landscaping, sidewalks, storm sewer, water and sanitary utilities, etc. damaged during construction must be restored to a condition acceptable to the City.

Please contact Ms. Annette Arriaga with the City of Piney Point Village at 713-782-0271 to obtain your copy of the approved set of plans and permit.

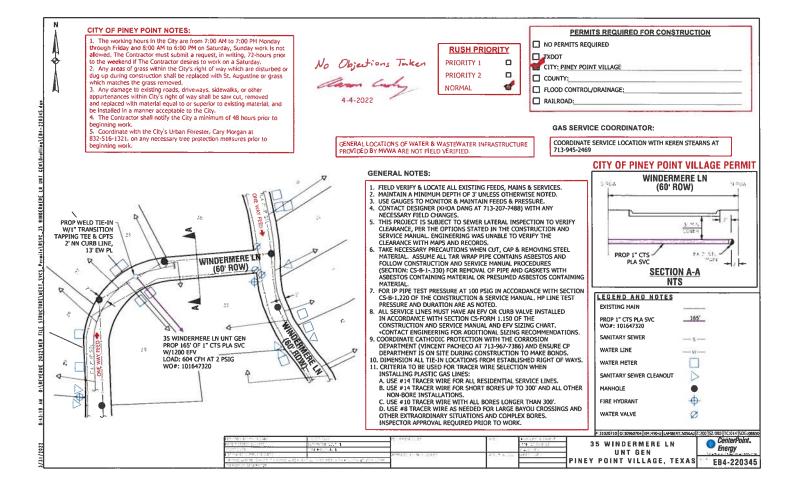

Sincerely,

HDR Engineering, Inc.

## Council Agenda Item Cover Memo

# 4/25/2022 Date of Meeting

To: Mayor and City Council

Agenda Item:

Discuss and take possible action on a request from the Wilding Lane residents to leave asphalt roadway as-is.

**SUMMARY/BACKGROUND (WHY):** The original plans bid and awarded to the Contractor included gaps in the asphalt on either side of resident driveways to define parking pads. The Contractor did not leave gaps in the asphalt in accordance with the plans. Residents on Wilding Lane submit requests to the City to leave the pavement as is without gaps between driveways and parking pads. Attached are the emails received from Wilding Lane residents as well as photos of the current street.

Subject: Wilding Lane - Asphalt Overlay

All,

The rainy weather has finally moved on and the street has dried enough to allow the Contractor to begin the asphalt overlay process. The Contractor has already placed the tack coat and the first truck of asphalt has just arrived. They anticipate laying asphalt this afternoon and all day tomorrow. If necessary due to any unforeseen delays, the Contractor may have to finish the asphalt process on Saturday. *Vehicular traffic is allowed on the street during the process*. As discussed in previous emails, the only interruption you should experience is while the Contractor is working directly in front of your driveway. This interruption should only last for approximately 30 minutes. We ask that you do not park on the street until the asphalt overlay has been completed as this would block traffic flow on the street and/or the asphalt laying process.

Please feel free to contact Montreal Bailey (HDR Site Representative – 832-367-4199) or myself at 713-576-3660 with any questions or concerns.

Thanks,

Joe Moore, P.E., CFM Project Manager

The street should remain without cut outs however I think the street would look better if the company would please trim evenly in places where the sides are not straight. Susan Osterberg

To the Residents of Wilding Lane:

We are all pleased that our new drainage and construction has been completed and thank the City of Piney Point for their efforts on our behalf. Many of you may have noted that the asphalt was "poured" differently than designed by the City Council and its contract with the Contractor. Mr. Joe Moore, the City's Engineering Contractor who has been managing the construction was on site this past weekend painting areas between the driveways depicting areas where the asphalt was extended beyond the last design of the street. Apparently, the Contractor is being asked to come back and cut out these painted areas so that the street surface conforms to the City's design and contract. This asphalt cutting process plus the planting of sod between the current paved portion of the street and the edge of the ROW, are the primary items on the City's "punch list" for the Contractor.

Upon approaching the City engineer and a few of the City Council about the asphalt cutting, it was explained that, while the Contract was designed and issued according to the proposed return for the Contractor to return and cut out portions up and down the entire street, the Contractor is opposing the City's request to do so.

Many of the owners of property who we have spoken with would prefer to leave the surface as poured by the Contractor to be left as is, without the return of the Contractor to cut out the sections delineated by the paint up and down the street. We have notified the City Mayor and several council members, along with Mr. Moore, that we would prefer that the street remain as is but subject to the Contractor placing the grass as originally proposed but not in the areas that are currently already asphalted.

The City has not agreed to our request and has suggested that, if in fact the property owners (suggesting a majority of the property owners) held the same position, they would give consideration to our recommendation to leave the hard surface as is and not have the Contractor return to "cut" the portions between certain driveways and other similar spaces.

Accordingly, I have been requested to request of you, the property owners on Wilding Lane who use the street to make an election to leave the street as is without the cuts. If you agree, please sign a copy of this email and return it by return email or to my mail box at 11211 Wilding Lane or to that of Mr. and Mrs. John McCormack's mail box at 11213 Wilding Lane before Tuesday at 5:00 p.m., April 12, 2022. Subject: Wilding Lane - Asphalt Overlay

All,

The rainy weather has finally moved on and the street has dried enough to allow the Contractor to begin the asphalt overlay process. The Contractor has already placed the tack coat and the first truck of asphalt has just arrived. They anticipate laying asphalt this afternoon and all day tomorrow. If necessary due to any unforeseen delays, the Contractor may have to finish the asphalt process on Saturday. *Vehicular traffic is allowed on the street during the process*. As discussed in previous emails, the only interruption you should experience is while the Contractor is working directly in front of your driveway. This interruption should only last for approximately 30 minutes. We ask that you do not park on the street until the asphalt overlay has been completed as this would block traffic flow on the street and/or the asphalt laying process.

Please feel free to contact Montreal Bailey (HDR Site Representative – 832-367-4199) or myself at 713-576-3660 with any questions or concerns.

Thanks,

Joe Moore, P.E., CFM

Subject: Wilding Lane - Finished Asphalting

#### To the Residents of Wilding Lane:

We are all pleased that our new drainage and construction has been completed and thank the City of Piney Point for their efforts on our behalf. Many of you may have noted that the asphalt was "poured" differently than designed by the City Council and its contract with the Contractor. Mr. Joe Moore, the City's Engineering Contractor who has been managing the construction was on site this past weekend painting areas between the driveways depicting areas where the asphalt was extended beyond the last design of the street. Apparently, the Contractor is being asked to come back and cut out these painted areas so that the street surface conforms to the City's design and contract. This asphalt cutting process plus the planting of sod between the current paved portion of the street and the edge of the ROW, are the primary items on the City's "punch list" for the Contractor.

Upon approaching the City engineer and a few of the City Council about the asphalt cutting, it was explained that, while the Contract was designed and issued according to the proposed return for the Contractor to return and cut out portions up and down the entire street, the Contractor is opposing the City's request to do so.

Many of the owners of property who we have spoken with would prefer to leave the surface as poured by the Contractor to be left as is, without the return of the Contractor to cut out the sections delineated by the paint up and down the street. We have notified the City Mayor and several council members, along with Mr. Moore, that we would prefer that the street remain as is but subject to the Contractor placing the grass as originally proposed but not in the areas that are currently already asphalted.

The City has not agreed to our request and has suggested that, if in fact the property owners (suggesting a majority of the property owners) held the same position, they would give consideration to our recommendation to leave the hard surface as is and not have the Contractor return to "cut" the portions between certain driveways and other similar spaces.

Accordingly, I have been requested to request of you, the property owners on Wilding Lane who use the street to make an election to leave the street as is without the cuts. If you agree, please sign a copy of this email and return it by return email or to my mail box at 11211 Wilding Lane or to that of Mr. and Mrs. John McCormack's mail box at 11213 Wilding Lane before Tuesday at 5:00 p.m., April 12, 2022. If you email your replay, simply do so by "Rely All" and the City will likewise receive a copy of your preference. Otherwise, hand deliver your election to either of the McCormack's or our mail boxes, or let one of us know and we will retrieve your election and deliver it to the City directly.

You cooperation is appreciated, once again. Once this is finalized, John and I have agreed that we all should arrange for a "Street Gathering" to celebrate that "it is over".

Thank you, and God bless!

Yes, I agree to leaving Wilding Lane as is currently paved and completed without having the Contractor return to "cut out" the portions of the asphalt.

Subject: Wilding Lane - Asphalt Overlay

All,

The rainy weather has finally moved on and the street has dried enough to allow the Contractor to begin the asphalt overlay process. The Contractor has already placed the tack coat and the first truck of asphalt has just arrived. They anticipate laying asphalt this afternoon and all day tomorrow. If necessary due to any unforeseen delays, the Contractor may have to finish the asphalt process on Saturday. Vehicular traffic is allowed on the street during the process. As discussed in previous emails, the only interruption you should experience is while the Contractor is working directly in front of your driveway. This interruption should only last for approximately 30 minutes. We ask that you do not park on the street until the asphalt overlay has been completed as this would block traffic flow on the street and/or the asphalt laying process.

Please feel free to contact Montreal Bailey (HDR Site Representative – 832-367-4199) or myself at 713-576-3660 with any questions or concerns.

Thanks,

No guarantees on leaving the blacktop as requested by everyone so far. Grass planting is assured as we understand.

Joe,

Following up on our conversation, I just want to be sure we are all clear on the two options being put to a vote. Option one is to leave the road at its current 22' width, with NO asphalt parking pads outside of that. Option two is to stick with the original plan, which was an 18' road with a select number of 2' deep asphalt parking pads between driveways. We are NOT voting on sod versus gravel in the right-of-way area. That ship has sailed. It will be sod, except for those folks who opted for gravel at their expense.

Thanks for your efforts!

joe, Here is the rest of our block Wilding In. The only one missing is Felix as he is not home. Everyone wants the street to stay as paved and the only thing they want added is the grass in front of the homes that requested it. As you know Joe Reeves, Mary mandola, John Ballis and me don't want it. We will put in our diamond black rock when it becomes available (hopefully within the month). Also if you need me or Joe to appear in front of group Wed evening we will be there, Any questions please call me at 832-754-1819 Thanks for your help with this matter john mccormack

- 1. Total revenues are \$4,190,658 or 55.9% of budget and 26.2% under last YTD directly due to timing of property tax collection. Operational revenues are \$4,186,358 with non-operating proceeds limited to \$4,301.
  - a. For property tax, the adopted rate is \$0.255140 with \$0.223245 designated as M&O and the remaining \$0.031895 as the I&S requirement to finance the annual bond debt. The \$3,801,823 of property tax reported for the general fund and \$903,126 for debt service is lower on this report only due to timing of SBISD transfer of funds. The City currently contracts with Spring Branch ISD as the tax assessor collector.
  - b. As reported by SBISD, the current taxable value of Piney Point is \$2,721,470,661. The original levy is \$6,721,600 with the latest report showing current adjustments of \$221,960.74 for total adjusted levy of \$6,943,560. Current collections YTD are \$6,682,033.

- c. In addition, the SBISD reported delinquent collection from prior year with a receivable balance of \$183,562 and total receivable balance of \$445,090. Total collections are \$6,679,530.
- d. Actual collections reported by SBISD are as follows:

|                        | Current        | Delinquent   |                |
|------------------------|----------------|--------------|----------------|
|                        | Tax Year       | Tax Years    | Total          |

| Less Collections Y-T-D | 6,682,032.86   | (2,503.17)   | 6,679,529.69   |
| Receivable Balance     | \$261,527.47   | \$183,562.41 | \$445,089.88   |

- e. Sales Tax collection for thru March totals \$97,800 or 37.6% of the total annual \$260,000 projection.
- f. Franchise tax collections booked at this time is \$93,590. The city collected 102% of budget expectation for gas franchise at \$25,391 due to the increase in market price on fuel. The city anticipates collecting an additional \$316 thousand in franchise tax, with over two-thirds from power-electric franchise.
- g. Court revenue is \$23,439, 23.4% of budget and \$7,524 greater than last YTD. Court fines total \$22,104 and the remaining \$1,335 primarily restricted for special use such as safety, court security or technology. The court continues to operate virtual by zoom. The city collected \$64 thousand in court revenue for 2021 year-end. Current trends show improvement from 2021 collections, however actual expectations should forecast \$10 thousand less than the budget target.
- h. License an permits total \$146,042 with projection above target at 34.4% in original projected collections. Permits and inspection fees account for 89.0% of the category revenue. Plat reviews are \$4,550 and drainage reviews are \$6,550.
- i. Alarm registrations are \$22,750, 75.8% of annual budget projection. This represents a \$21,850 improvement over last YTD. Annual alarm registrations prove to be beneficial in maintaining up-to-date emergency information for individual properties.
- j. Interest revenue is limited to 2.3% of budget. However, staff expects that interest revenue will improve from the prior year with expected increases in the Fed rate to combat current nation-wide inflation outlook. Year-end projection trend is currently \$4K versus the \$40K originally budgeted.

- k. Non-operational revenue includes \$907 in donations (park bench), \$561 refund (newspaper ad) with an audit adjustment of (\$40) and \$2,029 (WC audit and CenterPoint) in reimbursement proceeds.
- 2. Total expenditures are budgeted at \$7,496,659 with operating expenditures budgeted at \$6,361,974. YTD, expenditures are \$1,694,147 or 22.6% with \$5,802,512 remaining. Operating funds allocated are \$1,676,579 or 26.4% and \$4,685,395 remaining for the fiscal year. Non-operating expenses are \$17,568 or 1.5% of budget with \$1,117,117 remaining for capital programing.
- 3. Divisions and categories that are of significance or trending higher are as follows:
  - a. Police Services at \$ 703,922 or 33.6% due to the practice of providing two months of service payments at the beginning of the year as agreed for adequate MVPD operational cash flow. This represents a 3.1% increase from last year to date.
  - b. Fire Services at \$456,524 or 29.2%. includes 1.5 months of service payments at the beginning of the year for adequate VFD operational cash flow. This represents a 7.1% increase from last year to date.
  - c. Remaining operations are within expectations and trending lower than last year to date. Total public and operating expenditures are \$239,192 less than this time last year with a majority of allocated reserves held for public works related activity.
- 4. Capital expenditures at 1.5% with \$1,117,117 remaining Wilding Lane CIP and other programming. The actual amount allocated is dependent on the liquidated damages levied due to construction delays on Wilding.
- 5. Revenues are over expenditures by \$2,496,511. The budget projects to end the year with a balanced budget. Total cash and investments for all funds total \$8,992,428.24 and of that amount, \$5,204,129.78 is designated as general fund as of March 31.

Mayor and City Council:

The Public Funds Investment Act of the Local Government Code requires the Investment Officers of each local government to submit to its governing body a quarterly report of investment transactions.

Attached are the detail investment reports for the quarter ending March 31, 2022. These reports include information regarding the City's cash and investment status, investment yields, interest earned, and investments by fund type and are prepared in accordance with Chapter 2256 of the Local Government Code.

The City's investment portfolio complies with the Public Funds Investment Act and the City's Investment Policy for the first quarter of 2022.

Sincerely,

Robert Pennington

RE: Traffic Signals on San Felipe/Memorial Drive in Piney Point Village

#### Commissioner Ramsey:

In 1969, the Piney Pont Village City Council voted to void to terminate any agreement for Harris County to acquire the land extending San Felipe Road from Voss to Memorial Drive. Years of heated discussion have followed since the decision to build such a high traffic extension through our residential community. Ironically, the City of Piney Point Village is now burdened with maintaining the corridor's traffic light system that is rightly the County's responsibility.

Piney Point Village is requesting relief from the County. The City has a restricted budget with a limited tax base. This is a dramatic difference to Harris County's collection that is 12 cents higher than the City's rate. Please recognize that the County collects over \$9.9 Million in annual levy from the Piney Point Village residents with no direct return to City taxpayers other than the essential county level services.

The City respectfully request assistance in replacing aging infrastructure *before* Piney Point Village can formally accept this asset; otherwise, we count on the County to continue the maintenance of the San Felipe and Memorial traffic signals, originally installed and maintained by the County.

We believe this is the opportunity for the City and County to improve the corridor to a safe and acceptable standard. Thank you for your attention is this matter.

Sincerely,

Robert Pennington City Administrator

City of Piney Point Village HDR Engineering, Inc. City Council Meeting Date: April 25, 2022 Submit to City: April 20, 2022

#### **CURRENT PROJECTS**

#### 1. Wilding Lane Drainage & Paving Improvements Project

HDR conducted a final walkthrough with the Contractor on March 1<sup>st</sup> and a punch list was prepared with items that will need to be addressed before the project can be closed out. The Contractor has since addressed about half of the punch list items and HDR held a separate meeting with the Contractor on March 18<sup>th</sup> to discuss the remaining items, including cutting gaps in the asphalt overlay between driveways and parking pads. On April 2<sup>nd</sup> the Contractor stated that they were note responsible for completing the remaining items on the punch list, stated that they felt that the cutouts for the parking pads were beyond their scope of work, and stated that they needed extra payment for asphalt overlay and would request to be paid for by the tons of asphalt used rather than the square yards as stated in the contract. HDR requested that any issues or requests they have be submit in writing with supporting documentation. Since that conversation, residents submit a petition to leave the street as is. This petition will be considered in a separate agenda item.

HDR received letters from the Contractor on other items on April 19<sup>th</sup> and April 20<sup>th</sup>. These letters will be reviewed and responses provided to the Contractor. HDR is working to resolve these issues with the Contractor as expeditiously as possible but efforts have been met with continued resistance to complete the job as stated in the contract documents.

As of the November Pay Estimate, \$79,881.84 in retainage is still being held on the project.

#### 2. 96-inch CMP on S. Piney Point Road

HDR is in the process of performing QC reviews on the updates to models for the 96-inch pipe replacement which appear to confirm the proposed 9'x9' box culvert sizing. The final report will be submitted to Harris County Flood Control District for review and approval. HDR is also preparing the preliminary plan sets (plan view, layout only) based on this sizing.

It is anticipated that HDR will present the drainage report, preliminary plans, and updated opinion of probable construction costs at the May engineering meeting for discussion.

#### 3. Piney Point Circle - Additional Easements

HDR has been attempting to contact Dr. Arocha at 11408 Memorial Drive but has been successful at talking with him again about a potential easement on the existing storm sewer pipe draining Piney Point Circle and Lacewood. The City does not have contact information for 11406 Memorial, though Dr. Arocha

#### 4. Lacewood Lane Ditch Grading

As discussed in the April Engineering Meeting, the ditch regrading performed between #8 and #4 Lacewood Lane reduced the amount of standing water significantly. Additional

regrading from #4 Lacewood to Memorial drive is recommended to reduce minor imperfections in the ditch along this segment. The costs for this additional work to be performed by the Contractor is \$3,500. HDR sent the additional costs to the Mayor for authorization who approved. A Notice to Proceed for the additional work has been provided to the Contractor.

#### 5. Tokeneke & Country Squires Improvements Project

HDR is in the process of completing the plan & profile drawings and updating the Opinion of Probable Construction Costs (OPCCs) for Tokeneke Lane. A meeting has been scheduled for Wednesday, April 29<sup>th</sup> at 4:30 PM to review the design plans, present the updated OPCCs, and discuss resident participation in storm sewer extension.

A meeting is scheduled with the Country Squires HOA on Thursday, April 21<sup>st</sup> at 4:30PM to discuss the scope of the upcoming project and discuss any further questions, concerns, and issues. A summary of the HOA meeting will be provided at the Council meeting.

#### 6. City of Houston Windermere Outfall Repair Project

COH presented a pay estimate to Piney Point Village for the City's portion of the work completed on the Windermere project as part of the termination of the contract with Fused Industries. The Piney Point Village portion was \$45,266.98. HDR contact the City of Houston to relay City Council concern with paying for any work completed outside of the existing easement at #19 Windermere. The City of Houston stated they would look at this information internally and schedule a follow up meeting for further discussion. HDR has since sent information on the easement to further describe City Council's concern and request a meeting to go over this issue in more detail.

#### 7. North Piney Point Road Project Asphalt

Per discussion at the April Engineering Meeting, Hayden Paving will be sealing the cracks in the HMAC overlay under their two-year warranty. HDR will share Hayden Paving's schedule of the crack sealing once received.

#### 8. Bothwell Way

HDR received the TV tape for the final segment of storm sewer pipe on Bothwell Way. The tape shows a collapse in the storm sewer underneath the driveway at 11335 Bothwell Way. HDR recommends contacting Contractors for quotes to complete a point repair on the storm sewer pipe.

#### 9. Smithdale Estates

Per direction at the April engineering meeting, HDR is soliciting quotes to add level up sand and sod on Smithdale Estates is various locations where settlement behind the curb has occurred. It is anticipated that quotes will be presented to Council at the May Council Meeting.

#### 10. Williamsburg Drainage Improvements

Two residents at 11319 & 11311 Williamsburg Lane approached the City about a 50/50 cost share to install 24-inch storm sewer to eliminate the ditch in front of those two homes. Those two residents have developed design plans and submit them to the City for this work. Additionally, it is HDR's understanding that residents upstream of these two homes on the

south side of the street and two homes on the north side of the street are also interested in the installation of storm sewer. HDR has prepared Opinion's of Probable Construction Costs for each home on Williamsburg for Council review. (to be distributed at the Council Meeting)

#### 11. Decomposed Granite Paths

Per direction at the April Engineering meeting, HDR is soliciting quotes to refresh the decomposed granite paths at Wilding Lane, Dunsinane, and Quail Hollow (public ROW only). Per request an additional decomposed granite area may be created in the Wilding Lane ROW (west end between Wilding and Marchmont) for a park bench installation by resident donation. This area is to be coordinated with Bobby and will be included in the request for quotes. It is anticipated that HDR will present the quotes at the May Council Meeting.

#### **FUTURE PROJECTS**

#### 12. Greenbay/Smithdale Sidewalk Improvements

HDR received the survey data for the south right-of-way on Greenbay from N. Piney Point Road to Memorial Drive and has prepared CAD background drawings from the survey. HDR has also begun a conceptual design and sidewalk layout in efforts to identify any potential drainage issues, items in conflict, tree removals, and other items for consideration by Council. It is anticipated that this conceptual layout will be presented at the May Engineering meeting for review and discussion.

It is HDR's understanding that Council would prefer to wait until SBISD is further along with the MDE design/construction before taking action on an additional sidewalk on the south side of Smithdale Road.

#### 13. Maintenance Items

Jose Gomez notified HDR of several locations of concern around the City to include a curb inlet top on Kensington Court, ditch undermining the pavement on Radney Circle, heavy cracking and potholes in Memorial Drive west of Piney Point Road, ditch regrading on the north side of Williamsburg, and a sinkhole on Blalock Road near Habersham. HDR anticipates including these maintenance repairs in the Tokeneke/Country Squire project to be completed by the Contractor.

#### 14. Memorial Drive Elementary Rebuild

The City, SBISD, SBISD architecture and engineering consultants, HDR, and Councilman Dodds recently met to discuss the planned rebuild of Memorial Drive Elementary (MDE). The meeting agenda generally included SBISD's project timeline, projects previously completed by SBISD, site specific discussion, the City's building requirements, and City's interest in possible detention on the MDE property. HDR previously sent meeting minutes with more detail to City Council.

The anticipated re-construction schedule for the school is as follows:

- o Design Begin Jan. 2022 1 year duration
- o Construction Begin Jan. 2023 18-month duration
- o Students to be in south transition campus until August 2024

 Project Advisory Board – Comprised of representatives from the Village – November/December 2021

Annette has begun meeting with SBISD's representatives in order to start the platting and permitting process if efforts to meet the timeline as described above.
