explore qualified services and funding options for a landscape standards manual and conceptual design work. It was noted that staff evaluated the feasibility of engaging landscape services through the City's existing engineering consultant and that preliminary rendering costs were higher than anticipated. The Council generally agreed that landscaping efforts should be considered separately from roadway and bridge improvements. The Beautification Committee was recognized as a resource for advancing planting concepts. Potential gateway enhancements, including tree and shrub plantings, were also discussed, with the understanding that any broader infrastructure elements would require future public review and Council consideration. HDR will prepare a general conceptual plan and associated cost information for phased landscaping improvements for discussion at the February Engineering Committee meeting.
